GREENTON
Money at risk report

SAMPLE · DEMO COMPANY DATA

$2,321.19 at risk on one mill statement

Southern Coastal Paper · statement SCP-ST-2026-1019 · loads delivered Oct 19 to 23, 2026 · paid Oct 30, 2026 · prepared for the Greenton Demo company

MONEY AT RISK

$2,321.19

15 problems found on 68 statement lines and 3 loads the statement left out. Every amount below is tied to a ticket you can show the mill.

68
statement lines checked, ticket by ticket

69
loads delivered in the period (our records)

1,750
tons delivered, our scale

2%
shrink allowed by the contract before a weight counts as short

3
Loads never paid
$1,598.55
Delivered and weighed, not on any statement

4
Short on the mill scale
$85.30
More than the 2% shrink allowed in the contract

6
At last quarter's rate
$75.18
Paid $21.50 a ton instead of the $22.00 contract rate

2
Downgraded to fuelwood
$562.16
Pulpwood loads paid at the fuelwood rate

1. Loads never paid — $1,598.55

Delivered to the mill and weighed on our side, but missing from this statement and from every other statement on file.

DELIVERED	OUR TICKET	TRACT	TONS (OUR SCALE)	CONTRACT RATE	AT RISK
10/19	ROM-2026-00728	Oak Hollow Tract	24.20	$22.00	$532.31
10/20	ROM-2026-00773	Satilla River Tract	24.41	$22.00	$536.94
10/21	ROM-2026-00814	Satilla River Tract	24.06	$22.00	$529.30

2. Downgraded to fuelwood — $562.16

Our load tickets say pine pulpwood. The mill paid them at the fuelwood rate. Ask for the grading record and photos.

DATE	MILL TICKET	TRACT	PAID AS	PAID RATE	CONTRACT RATE	AT RISK
10/20	SCP-880127	Satilla River Tract	Pine Fuelwood	$11.00	$22.00	$285.72
10/21	SCP-880144	Satilla River Tract	Pine Fuelwood	$11.00	$22.00	$276.44

3. Short on the mill scale — $85.30

The mill weight is 3.8% under our weight on each of these loads, beyond the 2% shrink the contract allows. The amounts are the full shortfall at the contract rate; if the mill holds to the 2% shrink, the claim is the part beyond it.

DATE	MILL TICKET	TRACT	OUR TONS	MILL TONS	DIFF	AT RISK
10/19	SCP-880108	Oak Hollow Tract	23.89	22.98	-3.8%	$19.97
10/19	SCP-880117	Satilla River Tract	26.79	25.78	-3.8%	$22.41
10/20	SCP-880130	Satilla River Tract	24.76	23.82	-3.8%	$20.70
10/22	SCP-880152	Oak Hollow Tract	26.58	25.57	-3.8%	$22.22

4. Paid at last quarter's rate — $75.18

The contract rate for pine pulpwood is $22.00 a ton. These tickets were paid at $21.50, the rate before the price change.

DATE	MILL TICKET	TRACT	MILL TONS	PAID RATE	CONTRACT RATE	AT RISK
10/19	SCP-880112	Satilla River Tract	26.77	$21.50	$22.00	$13.38
10/19	SCP-880113	Satilla River Tract	24.57	$21.50	$22.00	$12.29
10/19	SCP-880114	Satilla River Tract	25.90	$21.50	$22.00	$12.95
10/19	SCP-880115	Satilla River Tract	24.59	$21.50	$22.00	$12.30
10/19	SCP-880116	Satilla River Tract	23.69	$21.50	$22.00	$11.84
10/20	SCP-880118	Oak Hollow Tract	24.83	$21.50	$22.00	$12.42

Also worth a look — not counted above

These two lines favor you, so we did not count them as money at risk. Mills usually catch them on the next statement, so it is better to know now.

DATE	MILL TICKET	WHAT WE SAW	PAID
10/20	SCP-880120R	Same load paid twice: our ticket ROM-2026-00765 already appears on this statement	$550.47
10/22	SCP-880399	Paid a load we have no record of (truck GA9999XX)	$551.32

What to ask Southern Coastal Paper

1. Pay the 3 missing loads ($1,598.55); our tickets, truck and scale weights are attached.
2. Send the grading record for the 2 loads paid as fuelwood, or pay them as pulpwood ($562.16).
3. Check the scale on the 4 short loads and pay the difference beyond the 2% shrink.
4. Apply the $22.00 contract rate to the 6 tickets paid at $21.50 ($75.18).

How this was checked: each mill line was matched to our load ticket by ticket number, then by truck and date. Weights are compared at the contract shrink tolerance; rates are compared with the contract price in force on the delivery date. Tons are short tons (2,000 lb). In Greenton the dispute letter is written for you, with these tickets attached.
